See Continuation Sheet

**Part III.**

- ☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.  
☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.

  
(Examiner/SPE Signature)

\_\_\_\_\_  
(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner's amendment was proposed to put case in allowable condition. Since the "consisting essentially of" in claim 1 would excluded any component which would have a significant effect on the catalyst, such as fluorine. Claim 6 would fail to further limit claim 1. Claim 6 is converted to an independent claim to positively claim fluorine as one component of the promoter combination. .
